

Weinberg College Guidance on Graduate Student Supplemental Funding

Effective August 1, 2019

Per [TGS External Award Policy 19.3](#), graduate students are encouraged to pursue external funding opportunities. The incentives provided to students apply to “awards that provide students comparable stipend support.” For eligible Weinberg departments, in order to qualify for the \$500 monthly supplement, the external award stipend must be at least 50% of the current year’s base stipend rate.

Students whose award is between 40-50% of the current year’s base stipend will be eligible for a \$250 monthly supplement.
