Weinberg College of Arts and Sciences Northwestern University

Approved Distribution Courses - 2008-2009 Area III - Social and Behavioral Sciences updated 5/1/09

Be sure to read these important notes:

Prerequisites. Many approved distribution courses are advanced courses with one or more prerequisites. Prerequisites are listed in the Undergraduate Catalog and in course descriptions available through the Registrar's webpage. Make sure you have the prerequisites for a course before you decide to enroll.

Interdisciplinary courses. Some interdisciplinary courses are approved for inclusion in more than one distribution area. *These courses are listed in bold and italics below*, and all relevant areas are indicated in the "area(s)" column. If you take such a course, you can choose in which eligible area to count it. However, your second distribution course in that selected area cannot be another interdisciplinary course. For example, if you elect to count CLASSICS 210-Early Western Civilization in Area IV, then your second Area IV distribution course must be a course that counts *only* toward Area IV.

When courses are offered. This list includes all courses approved for distribution credit for the 2008-2009 academic year. The Registrar's Office maintains lists of distribution courses to be offered each quarter, as well as Yearly Course Planners showing each department's planned course offerings for the year. Some approved courses may not be offered.

Lists of approved courses from previous years
