Why Arch Scholars?

Arch was appealing to me because it was not only a way to brush up on the basics of my major but also a good way to integrate myself into the campus life early on. Finding a close group of friends and finding a support group on campus was very important to me and this was the best way to do so!

WHY NORTHWESTERN?

Northwestern had many aspects that I could not find all together at other schools. Since it was academically rigorous, had Big 10 Sports, and was near a city, it made it the perfect choice for me.

MY FAVORITE ARCH MEMORY

My favorite memory was visiting the taste of Chicago. It was such a fun day and allowed us to visit the city. This had been my first time in the city on my own so it was nice to feel a sense of freedom. This was also a day that we bonded really well!
