

# Hanna Rodriguez, she/her

Class of 2026

Neuroscience, Global Health Studies, & Spanish

## Why Northwestern?

I chose Northwestern because I thought the campus was gorgeous, I liked the colors and I also saw it as a place where community is built and opportunities are present at every step.

## Come to me for:

- Physics
- Calculus (up until Calc II)
- Organization

## Why did you become a counselor?

I decided to become a counselor because these programs have given me some of my closest friends and most impactful mentors at Northwestern. Their support played a big role in my success, and I want to give back by continuing that traditionâ€”passing down knowledge and guidance just as it was done for me.

## Favorite Spot on Campus:

Cafe Coralie
