

Sarah Sajjad, she/her

Class of 2025

Biological Studies, Data Science, and Global Health Studies

Why Northwestern?

For the opportunity to explore my interests and the location of course!

Come to me for:

- Academic Research
- Residential College Life
- Arch Scholars
- Anything Else!

Why did you become a counselor?

To this day, I am immensely grateful for the connections, academic support, and mentoring I received during my time in BCE and throughout my time at Northwestern. As a counselor, I hope to share this support and be a source of the information for incoming wildcats that are in the position I once was.

Favorite Spot on Campus:

Cafe Coralie and the lakefill, of course!
