THEY/THEM

## Why Arch Scholars?

I felt behind in terms of academic knowledge and I wanted to catch up to the rest of my peers who came from more advantageous backgrounds. I knew the passion and motivation was there inside me, I just needed more support and help to channel those strengths into something greater.

## WHY NORTHWESTERN?

I chose Northwestern because I heard that the students here are multi-talented and passionate about their interests. I really wanted to surround myself with those like-minded people to learn from them and improve myself as a whole.

## MY FAVORITE ARCH MEMORY

My favorite memory from Arch is the late night Zoom calls we had every single night. There were about 10-20 of us on Zoom and we always stayed up talking until sunrise. These people are some of my closest friends and people I can talk to!
