

Norah D'Cruze, she/they

Class of 2027; journalism & international studies

Favorite Arch Memory?

Always playing and discovering new music with all the other students. The ability to be together, showcase and learn about different music – from Chicago vs NYC rapper show-offs, dancing salsa for the first time, karaeoke and Afrobeats concerts – created so many core memories.

Favorite Spot on Campus:

Any garden, campus is gorgeous when its warm.

Come to me for:

- Medill
- Student government
- Clubs
- Managing time
- Humanities courses

Why did you become a counselor?

I loved the community of POC students that shared similar identities and backgrounds to me, that I found from my experience in Bridge. These support systems have been key to finding my place and surviving of winter quarter haha. I hope to foster and participate in more of these interpersonal connections as a counselor!
