Sociology, Black Studies, & Legal Studies

Why Northwestern?

I chose Northwestern because it offers the best of both worlds: the vibrant energy and opportunities of a major city like Chicago, along with the peacefulness of the suburbs.

Come to me for:

- Community Involvement
- Involvement at Northwestern
- Humanities and Social Science Research
- Law school
- Policy writing

Why did you become a counselor?

I chose to become a counselor (for the third time) because Bridge has been such a meaningful part of my Northwestern journey. I met my closest friends through the program, and there is rarely a day I don't see one of them. Bridge also helped me come out of my shell and feel truly at home here, and it's an experience I'll always be grateful for.
