

Jamal Omoniyi, he/they

Class of 2027

Cognitive Science & Learning and Organizational Change

Why Northwestern?

I was really interested in the rich history of student protesting as well as the research environment. Additionally I love Chicago and it's my favorite city so it all lined up.

Come to me for:

- Student Activities
- Student Government
- Campus Resources

Why did you become a counselor?

Bridge was central to my experience here at Northwestern and if not for this program I would have never met my closest friends or had the network that I have now. My counselors have helped me in supporting my goals and my peers keep me grounded.

Favorite Spot on Campus:

ASG Office Suite
