

Alessandra Valladares,
she/her/hers

Class of 2025; political science & LatinX

Why Northwestern?

I appreciated that Northwestern encourages their students to explore all of their interests and the presence of a multidisciplinary education is why I wanted to attend Northwestern!

Favorite Spot on Campus:

Multicultural Center - cozy place to study and I always end up running into my friends there!

Come to me for:

- Political science
- Government
- Social Sciences

Why did you become a counselor?

Coming into Northwestern, I wish I had met more FGLI, Latinx upperclassmen who I could go to ask questions about the college experience that is unique to these identities. I hope that through my role as a counselor, I can serve as this point person for incoming students.
